

FINANCIAL

INVESTOR PRESENTATION

Fundamental Banking with Blue Ocean Opportunities

July 2018

NASDAQ: MVBF

Forward Looking Statements & Non-GAAP Financial Measures

This Presentation contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on current expectations about the future and subject to risks and uncertainties. Forward-looking statements include information concerning possible or assumed future results of operations of MVB Financial Corp. (the "Company") and its subsidiaries. When words such as "believes," "expects," "anticipates," "may," or similar expressions occur in this Presentation, the Company is making forward-looking statements. Note that many factors could affect the future financial results of the Company and its subsidiaries, both individually and collectively, and could cause those results to differ materially from those expressed in the forward-looking statements contained in this Presentation. Those factors include, but are not limited to: credit risk, changes in market interest rates, competition, economic downturn or recession, and government regulation and supervision. Additional factors that may cause our actual results to differ materially from those described in our forward-looking statements can be found in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, as well as its other filings with the SEC, which are available on the SEC website at www.sec.gov. Except as required by law, the Company undertakes no obligation to update or revise any forward-looking statements.

Accounting standards require the consideration of subsequent events occurring after the balance sheet date for matters that require adjustment to, or disclosure in, the consolidated financial statements. The review period for subsequent events extends up to and including the filing date of a public company's financial statements when filed with the Securities and Exchange Commission. Accordingly, the consolidated financial information in this Presentation is subject to change.

The Company uses certain non-GAAP financial measures, such as tangible common equity to tangible assets, to provide information useful to investors in understanding the Company's operating performance and trends, and facilitate comparisons with the performance of the Company's peers. The non-GAAP financial measures used may differ from the non-GAAP financial measures other financial institutions use to measure their results of operations. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with U.S. GAAP. Reconciliations of these non-GAAP financial measures to the most directly comparable U.S. GAAP financial measures are provided in the Appendix to this Presentation.

MVB Today

MVB is an innovative financial holding company headquartered in Fairmont, WV that provides banking and mortgage services to individuals and corporate clients in the Mid-Atlantic region, and independent banking to corporate clients throughout the United States leveraging recent investments in fintech.

Why MVBF?

- **Well positioned in markets with attractive demographics**

MVB 3.0 = Think Bigger

- Leaders, not followers
- Implement strategic shifts which move us to blue oceans
- Think beyond present market footprint - Coast to Coast
- Superior Growth: Assets, Net Income & Shareholder Value
- Culture that attracts & retains quality talented teams
- Be bankers, just don't act like bankers – instill a culture of saying “*Yes, if*” instead of “*No, because*”
- Have an entrepreneurial mentality and spirit - Operate like a start-up
- Speed, Simplicity, Service

“The fintech tsunami is brewing and banks are becoming yellow top taxis in an Uber world - we must modernize or become irrelevant!” –Larry F. Mazza, CEO & President MVB Financial Corp., June 2018
